Introduction

Bharat Infraprojects Pvt. Ltd. traces its roots back to 1978 when it was initially founded as Bharat Engineering Enterprises, focusing primarily on piling work. Over the years, the company has evolved and expanded, transforming into Bharat Infraprojects Pvt. Ltd. in 2010. Today, we specialize in a wide range of services, including pile foundations, geotechnical investigations, bored cast-in-situ, micropiles, slope protection, drainage systems, grouting, compaction, auger, and stone column piles.

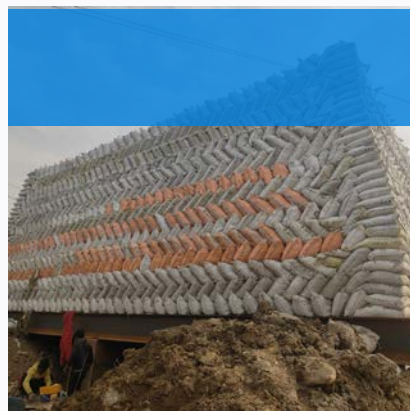

We have earned the trust of leading public and private sector clients such as NBCC, NTPC, L&T, IRCON, Railways, MCD, DDA, DMRC, Siemens, and many more, delivering high-quality, reliable services on every project.

Our team consists of over 450 skilled engineers, supervisors, mechanics, and laborers, all working seamlessly to ensure timely and efficient project completion. With the ability to scale up operations as needed, we maintain flexibility to meet project demands.

Our operations are supported by a fleet of over 100 advanced rigs and tools, including 9 hydraulic piling rigs, 4 DTH rigs, pile testing setups, and heavy-duty jacks, ensuring we deliver excellence every time.

BHARAT INFRAPROJECTS PVT. LTD.

Who We Are

At Bharat Infraprojects, we approach every project with a problem-solving mindset, grounded in deep technical understanding and a strong sense of responsibility. What sets us apart is our ability to adapt—whether it's working in confined urban spaces, extreme weather conditions, challenging hill terrains, unpredictable soil environments, or meeting demanding project timelines.

The company is led by Mr. Raman Kumar Gupta, whose hands-on leadership and domain expertise have shaped our commitment to quality, safety, and ethical execution.

We are certified under :

- ISO 9001:2015 – Quality Management
- ISO 14001:2015 – Environmental Responsibility
- ISO 45001:2018 – Occupational Health & Safety
